

PEEP NEWS

It was fun to get back into the routine of preschool after having a long Christmas break. We spent the first few days refreshing our memories on the rules at preschool! We missed our friends and we are glad to be back and learning.

With the new year, we've started a few new things in the classroom. Every day the kids have a question of the day to answer. This helps us learn more about each other. It's fun to watch the kids start to recognize some words in our questions too! The older class does a morning binder each day as well. This is a chance for them to really practice on their names, filling out a calendar, number recognition, letter recognition, graphing the weather, and several other important skills.

January is also a time we have learned about the colors in our world. It's fun to take time to look around and notice all of the different colors around us. We've read a lot of fun books about colors too! The preschoolers continue to work on following oral directions and sequencing along with name, number, and letter recognition. The excitement when they figure something out is priceless!

In our Bible stories this month, we have been learning about different ways that Jesus cares for us. We were amazed to learn that a paralyzed man had faithful friends that lowered him through a roof to see Jesus! It was also neat to hear the story of the blind man. We made faces on paper plates, then made mud like Jesus did and wiped it on our paper plate eyes. We are very thankful to have Bill Mize come visit us on Fridays since we have a pastor vacancy. He taught us about prayer and how we can talk with God.

We have been trying to stay warm with all of the snow and cold temperatures! We haven't been able to go outside much so we've been using the Fellowship Hall to get some exercise. We've also played some musical chairs, musical numbers, and done some action songs to get us moving.

I appreciate all of the support I've received and please continue praying for our Preschool.

In Christ's Love,

Kim Roth, Director and Teacher
