Director

**Happy Halloween from the Little Lambs**  
**Preschool Class at Peace!**

**Our learning**

We have had a great time with the firefighters and police lately, learning about safety and fire safety, and to call 911 in an emergency. We have met both the local and state police, been junior deputies, and received firemen hats. We are ready to serve our community!

**David's Life Lessons**

David was a model of how to interact with God and we have been trying to learn from his example. If you have not seen Goliath, please come check him out. You can't miss him coming down the hallway toward our room! We also have made tracings of ourselves and decorated them with stickers of what each of us likes.

**Thank you!**

Thanks to all who have offered us snacks. We have really appreciated your generosity and enjoyed the variety of foods. You are such a blessing to our class! Thank you!

**Post Office Field Trip**

We were blessed to enjoy a field trip to the post office last month. We learned about how the mail gets from one place to another, how it is sorted, how it is picked up, and how to purchase things at the window. We also each mailed a postcard to ourselves.

**We say a teary goodbye to our good friend Ellie Deardoff who moved to South Dakota with her family. You will be missed, Ellie!**
