

**Peace Lutheran Preschool is off to a wonderful start!**

Preschool started on Monday, August 18, 2014 for the four- and five-year-old class who have opted to call themselves the Rainbows. They include Dean B., Dillon S., Johnathan H., Klarissa W., Lizzy F., Marshall W., Sadie I., and Sophie F.. The class meets three days a week on Monday, Wednesday and Friday. Jessica Fouts helped me to trace their bodies and they drew on their faces and more. They also included stickers of what they love. These are posted up by the preschool room for you to enjoy.

The three- and four-year-old class chose the name Little Lambs for themselves. They started on Tuesday, August 19, and include Blake B., Clancy M., Ellie D., Gavin E. and Tenley L.. This class meets on Tuesday and Thursday.

We currently have snack downstairs and playtime outside in our wonderful new fenced-in play area, but the rest of our time is spent in our fantastic classroom with the bright blue walls and wonderful new ceiling. If you haven't seen the preschool room lately, ask Mrs. Jalas for a tour! What a blessing it is to have such a fantastic room!

**We are Learning, We are Growing!**

Preschool is a wonderful chance for children to learn to play and work together. We have come a long way in our first two weeks and I can't wait to see all that these children accomplish in the year to come! We started learning about how God created us as wonderful, unique children. We are learning about the creation story and the wonderful world that God has given us. We are also learning about our feelings, how to verbalize what we want, and how to be a good friend. In the month to come we will hopefully learn about our mail system and get a tour of our post office, among other things!

If you would like to meet us, our faces are on the bulletin board by the preschool door. We will keep posting our work for you in our hallway.

We would be happy to video ourselves doing our songs for you to see on the big screen in church – please let Mrs. Jalas know if you would be willing to come in to do the taping. We come from many different churches, some at a great distance, and we would like to have you meet us this way. We have some great songs to share with you!
